

HELP SUPPORT
production of
Flora of North America
By Sponsoring Botanical Illustrations

The Flora of North America Association (FNAA) coordinates the work of 900+ botanists to synthesize knowledge of the patterns of biodiversity of plants in North America north of

Mexico, useful for effective conservation, resource management, and scientific research. Twenty volumes out of 30 are published and our goal is to finish by the end of 2019. Gracing each volume are exquisite and accurate botanical illustrations drawn by professional artists. Every genus and about 1 in 6 species are illustrated. These lovely drawings enhance the technical descriptions.

To help support the cost of the illustrations, FNAA is inviting individuals and organizations to sponsor one or more drawing. **Acknowledgment is given to sponsors in a special section of the relevant Volume, along with a high quality reproduction suitable for framing and permission to reuse the image.**

Sponsorship for a basic drawing (whole plant and 1—2 details) is \$200.

I agree to sponsor the illustration (s) of:

\$ _____

\$ _____

\$ _____

\$ _____

TOTAL

Acknowledgement in the relevant volume should read:

The Flora of North America Association will provide a reproduction of this line drawing on archival quality paper and gives you, the right to reproduce the image for your own purposes (including on items for sale and fund-raising) but not the right to resell the image for commercial purposes.
